

A new way of buying and selling “grown out of” school uniform  
and text books

Scan here to go to the  
Christ's College page

**Has your child grown out of their blazer but it still has plenty of wear left in it?**  
**Do you have good-quality unwanted PE kit or footwear which you'd like to sell-on to other parents?**  
**Has your child finished with text books/revision guides and you want to get back some space?**  
**Are you looking for a lower cost way to get your child kitted out for school?**

We are delighted to introduce “Grown Out Of It” - a new, direct parent-to-parent online marketplace for Christ's College where good-quality preloved and/or unwanted uniform, footwear and text books may be bought and sold. The “Grown Out Of It” solution offers parents and carers the following benefits:

- Christ's College has its own dedicated page (scan the QR code above) so items listed by other Christ's College parents/ carers are easy to find
- Sellers can choose to either set their own price or list items for free
- Listings/purchases are commission-free – just a small PayPal fee applies for online payments
- Payment can either be online (preferred) or by cash on collection
- Purchases remain confidential between the buyer and seller
- You can even choose to donate part or all of the proceeds to the College – these funds will help the school assist those families that need it most
- It's also easy to use and a great way to minimise waste

**Only items that are identified for uniform use at Christ's College (plus relevant text books) may be listed – please check our uniform policy page [HERE](#). All items must be clean, in good or excellent condition with all name tags removed and ready for use by the new owner.**

#### **Getting started:**

- Click [HERE](#) to go to the Christ's College page
- Create an account and include your PayPal details to enable online transactions

#### **Sellers:**

- Have your pictures ready! Listing items is simple – click [HERE](#) for a beginner's guide
- You will receive an email confirmation once the item has been listed, and a further email when it has sold
- Use the messaging system in the “My Accounts” section to arrange collection/delivery
- Once the item is collected, remember to remove the listing from view (note this removes automatically if online payment is used)

#### **Buyers:**

- You can search for specific items and sizes or view all items currently available [HERE](#)
- Select the item that you need, agree whether payment is to be made online (preferable) or on collection, and consult with the buyer to arrange convenient collection

If you don't want to use this new service but have good-quality uniform and text books that can be reused, please consider donating these directly to Christ's College for further use.

Christ's College does not benefit financially in any way from this service unless the “Donation” option is selected by sellers. Other options for buying and selling preloved uniforms are available. “Grown Out Of It” is a parent-to-parent service, therefore all transactions and queries remain the sole responsibility of the buyer and seller. The College cannot be used as a collection point for orders unless the items are being made directly available by the school. We reserve the right to remove listings for any products that are not items of uniform or relevant text books. Please also remember that this is a new service, so the list of available products will initially be low.
